

Howard Wettreich HB 5327

"Good morning Senator Gerratana and Representative Johnson and members of the Public Health Committee."

My name is Howard Wettreich and I am a resident of Meriden, CT. Please support and pass Bill #5327 to have access to Homeopathic services in the State of Connecticut. Choices in health care, I believe, are important to all Connecticut residents and allow them to decide which forms of health care to are best for them.

Sincerely,

Howard Wettreich
